

Excuse me, but WE own the airways. The argument seems to be based on bigger budgets for better programming. I am sorry, there is no real value in the entertainment and especially the news coverage that we have thus far. I want my local radio and my local commentary. I live in an area that is full of cultural difference. Native Americans have their own programming, Spanish and African and Cuban. I do not want Clear Channel. Clear Channel is elevator music. ClearChannel is diluted humanity. Michael Powell has a ClearConflict of interest in his interest in passing this through without even considering the public outcry. Do not let these huge conglomerates eat up our airways. I turned my TV off and my NPR (National Propaganda Radio) as soon as this coup began. KEEP THE AIRWAYS FREE. SUPPORT OUR DEMOCRACY AND SUPPORT FREE PROGRAMMING and FREE SPEECH.
